

RA Photo Club Life Membership Award

The RA Centre offers a Club Life Membership to recognize long term meritorious service in the development of Club activities.

The nominee must have demonstrated a commitment to the goals of the RA Photo Club by active participation in Club activities **over a minimum of ten years** and **must have served at one time on the Club executive**.

Consideration will be given to persons who have contributed to the club on special committees, i.e. national events, exhibits, etc.

Club Life Memberships shall not exceed five percent of a club's active membership, or a total of ten persons (whichever is the lesser).

The nominee for the RA Photo Club Life Membership Award will be chosen by a committee named by the Club executive. All Club members in good standing may submit the name or names of potential recipients to the committee. The committee will then recommend a name to the Club executive, who will make the final decision.

Only one nomination for Club Life Membership may be submitted annually by the club executive to the RA Centre's Recognition and Awards Committee for review. However the Club executive is not required to nominate a recipient for this award in any particular year.
