**What**

**Details**

*Photospots generally run from west to south to east*

	Deep River Highway 17	Waterfront town	<p>The waterfront within the town, featuring a pier with lighthouse/navigation beacon, a small marina along with other boats anchored in the bay, shoreline walkway with families of ducks and geese, sandy beaches, and views of the Laurentians across the Ottawa (well over 1 km wide at this point), provides an endless variety of photographic subjects through the changing seasons.</p> <p>Summertime in Deep River features the bi-annual Summerfest during the August long weekend (just missed it this year), various sporting events including annual cross-river swim, triathlon, soccer, baseball, ultimate frisbee ... . For those with a boat, the Ottawa River itself provides a lot of photo opportunities. In winter there are lots of great cross country ski trails (and ski races), a small downhill ski hill, snowmobile trails, ice fishing ...</p> <p><a href="http://town.deepriver.on.ca/Photogallery/gallery.htm">http://town.deepriver.on.ca/Photogallery/gallery.htm</a></p> <p>hint: Instead of Tim Horton's try stopping at the Laurentian View Dairy in Deep River (about 1 km west of Tim's) - the same family has run the business for several decades. As well as all kinds of ice cream at the dairy bar, they run a restaurant with really good home-made style food! You might also want to check out the Valley Artisan's Co-Op in the building next to the dairy</p>
	Petawawa	Forestry Visitor Centre	Petawawa Forestry Visitor Centre (about 15 km east of Deep River) with great stands of stately white pines and other trees.

*Photospots generally run from west to south to east*

Forester's Falls	waterfalls	Best in spring. Take Foresters Falls Rd (Cnty Rd 7) from traffic lights in Cobden on Hwy 17 Park at Ross Township Museum in hamlet of Foresters Falls. (9.5km from Cobden)	
Renfrew	Waterfalls and old mill	Hwy 60 exit onto Bruce Street (at lights) Left on Stewart St (in town at Tim Horton's) and left on Arthur St.	
Renfrew Photo "STOP", not "spot"	Ice Cream	From a contributor: I found the old dairy in Renfrew where I used to buy Tin Roof Ice-cream It is near the train tracks on 60, right in Renfrew, east (or north, the River side) on Monroe, and then the first left to the dead-end. There's a funeral parlour on the right as you take the left turn. Now called "Tracey's" but Tracey didn't keep the old recipe, but still keeps the old prices! Cathy chose a regular which was almost as big as herself, and I had the kiddie (which was 2 large scoops!) all for \$3.50	
Hwy 17, between Arnprior and Renfrew,	August 14, 2002 large field of sunflowers	16 miles east of Renfrew	

## Out of Town (Ont side) PhotoSpots

**Details**

*Photospots generally run from west to south to east*

Phiney's Point, Hwy 17 west, north to Dunrobin	Old Stone house and Ottawa River Viewpoint	Should be well signed. North East of Dunrobin, access off Torwood Road (6th Line)
Constance Lake	Not much. Very limited water access, marshy areas on roads approaching lake	South access (\$\$\$ to park) to lake is off Constance Lake Road, north from Dunrobin Road, 5 km west of March Road. Beaver lodges and marshes on road approaching lake. North Access is Berry road south off 5th line. 50 foot wide water access, marsh and scrub land off road on approaches.
Constance Bay Torbolton Forest	Sandy forested area.  Red headed woodpeckers in old burn area  Lots of trails.	west bound on Hwy. 417 to the March Rd./Eagleson Road and exit right onto March Rd. Follow to Dunrobin Road and turn right continuing northwest through Woodlawn. At the hill turn right onto Constance Bay Rd. This turns into Bayview Road. You will see several accesses to the forest as you drive around the area. To get to the woodpecker area specifically turn left on Allbirch Road (about 1.3km in from Dunrobin road) and drive 1.3 km to the " T" intersection. Turn left on Bishop Davis Drive and then right on Bayview Drive. Follow Bayview Drive to Ritchie St. Turn right and go a short distance to Whistler Rd. Turn left and drive .3 km and watch for a gate on the right. The trail through the burn area is opposite the gate. Parking is limited. The old burn area is on your left. There is an abundance of Poison Ivy in the burn area. It is recommended to stay on the trails

Cobbs Lake, South of Rockland between Hwy 17 and 417	marshy pond, salt spring	Just east of Bourget. Access at Bear Brook Rd at Cobb's Lake overpass	
Wendover, off Hwy 17 east	Papanak Park-zoo	1 km south from #17 on County Road 19 (Nine Mile Road). Some people have been pleased with the results of their photographing there. (see Parc Omega on Quebec list for more natural settings of North American wildlife)	
Fournier, Cnty Rd #10 south of Plantagenet	Tin clad houses (Like the one hanging on a wall in the Market as an historical curiosity)	About 5-10 houses in town and east & west of town. These houses are still lived in.	
Sandown, between Fournier and Van Kleek Hill on Cnty Rd #10 and junction of Concession Rd 6	Old barn with badly leaning chimney	Old wooden barn with a 40 foot wooden chimney that is badly leaning to the north and doing a twist as well. Best time to shoot is in AM, and even better if you can shoot it during cloud shadows, but blue sky to west.

*Photospots generally run from west to south to east*

Alfred Bog, Hwy 17 east	4200 hectare bog Boardwalk, moose, birds, orchids Boardwalk is quite short. Off Boardwalk walking is highly discouraged. There are accesses on the south side of the bog, but you can EASILY get lost. Go with someone who knows their way !	County Rd 15 south off hwy 17. See <a href="http://www.hmnettech.com/~alfredbog/know_your_bog.html">http://www.hmnettech.com/~alfredbog/know_your_bog.html</a>	
Burton Conservation area, Hwy 417 east	small rapids, shoreline birds, fall colours, wooded walks	In Russell Ont, (south of hwy 417) south side of river. Take main N/S street and turn left once over the bridge.	
Larose Forest, Hwy 417 east	Pine re-forestration, moose, birds.  Orchids in some locations.  Mocasin (pink orchids) in early June to west of parking area on Indian Creek Road 2-3km north of Clarence-Cambridge Boundary Road.  Note:  VERY active area for ATVs, snowmobiles etc	Take 417 to Limoges exit, north past Limoges, road curves right (east) and turns north. Don't go north but keep going straight, many trails/roads off Clarence-Cambridge Boudary Road. Pioneer cemetary on Grant Road. (old settlement of Grant, only foundations left now)  Take 417 to Vars exit, north through Vars to Russell Road, turn east to Cheney. SOUth on Drouin Road
